Explanations of individual points on page 1:

- 1.) Investments in movable and immovable property, plant and equipment and leasing costs for property, plant and equipment (if the leasing isn't shown in the balance sheet): Please enter here the additions according to the statement of changes in fixed assets or cash flow statement as well as the leasing costs for leased property, plant and equipment not shown in the balance sheet.
- 2.) Investments within the supported project: See project description in the financial contribution or government council decision (RRB).
- 3.) Investments in intangible assets such as in-house developed products (e.g. software), patents, brands, etc. Please enter the additions according to the statement of fixed assets or cash flow statement here.
- 4.) Personnel and material costs for research and development (R&D), both own costs and costs from contracts with third parties. The amount already stated under investments in intangible assets for capitalized development costs is no longer to be stated.
- 5.) Further investments and costs according to the project description in financial contribution or government council decision (RRB).
- 6.) Disposals or divestments must be disclosed if they were previously claimed as investments under the project. Examples: transfer of ownership to third parties by sale, losses from destruction by fire, etc. Depreciation is not considered as a disposal.
- 7.) Total percentage of all part-time employees (e.g. 10 part-time employees with 50% workload each = 500%).
- 8.) Total employees = number of full-time employees + number of part-time employees + number of apprentices.
- 9.) Employees at all locations: Please consider here all permanent employees whose salaries are recorded in the income statement (including employees at foreign locations).
- 10.) Employees of all company locations with private residence in the Canton of Bern.
